

Press Release

MC Services AG hosts press lounge of Deutsches Eigenkapitalforum 2016

Munich and Dusseldorf, October 13, 2016: For the fourth year, MC Services AG, the international experts in investor relations and corporate communications, is sponsoring the Deutsches Eigenkapitalforum 2016, being held in Frankfurt am Main, November 21-23, 2016, and will host the Forum's press lounge.

Deutsches Eigenkapitalforum, which has been organized by Deutsche Börse since 1996, is today Europe's largest independent capital markets event. It is recognized as an important matching platform for capital seeking German and international companies as well as institutional investors and analysts.

In the Press Lounge, MC Services invites targeted financial and economic journalists to establish new or to deepen existing liaisons between the press, companies and financial community. Therefore, the MC Services team assists journalists and participating companies with scheduling background talks or interviews.

"After three successful years, we are delighted to once again welcome press, companies and investors to the press lounge.", commented Raimund Gabriel, Founder and Managing Partner of MC Services. "Together with Deutsche Börse and DVFA, the venue and the logistics have been optimized to provide an inspiring and comfortable atmosphere for discussion and interviews in the press lounge."

For 20 years the Deutsches Eigenkapitalforum has hosted company representatives of all industries and facilitated meetings with the financial community. The conference will take place at the Sheraton Frankfurt Airport Hotel and Conference Center in Frankfurt am Main on November 21-23, 2016. Beside the press lounge, the three-day program offers panels on the latest capital markets topics, 1 to 1's and company presentations. On Wednesday, an additional Venture Day will take place: The business concepts of interesting, young private companies from different sectors are in focus. For the first time, the presentations of the companies being listed in the Venture Network of the Deutsche Börse will be accessible to all participants of the Deutsches Eigenkapitalforum.

More information on the program and the venue can be found on the event website (www.eigenkapitalforum.com) or on the MC Services website (<http://www.mc-services.eu/content/ekf-2016>).
